

Milwaukee Bike/Walk Sign Plan

The City of Milwaukee and Milwaukee County Parks are creating a sign plan to help people biking and walking navigate the City's bike network and the Oak Leaf Trail. The Milwaukee Bike/Walk Sign Plan will result in a unified design for wayfinding signs and sign plans for 15 miles of high-priority routes.

The final plan will be completed by April 2020. The City of Milwaukee and Milwaukee County Parks are committed to installing wayfinding signs recommended by the plan.

The City has contracted with Toole Design, a planning, engineering, and landscape architecture firm specializing in bicycle and pedestrian transportation. Staff from the Madison, Wisconsin and Minneapolis, Minnesota offices will prepare the plan.

Come to the Kickoff Workshop on August 13:

Atkinson Public Library

1960 West Atkinson Avenue

5:00 PM-7:00 PM, presentation at 5:30 PM

- Learn more about this project
- Get familiar with different types of wayfinding signs for biking and walking
- Give us your preference for biking and walking sign designs and colors
- Tell us what destinations should be on the signs

We Need Your Input

We will have a variety of other ways we are asking for public input throughout the process. You can learn more about the planning process at milwaukee.gov/signplan

[Sign up for the City's bike and pedestrian e-notify service](#) to receive emails about this and other bike and pedestrian projects.

Project Timeline

Atkinson Library is an accessible facility. Reasonable accommodations, of an auxiliary aid or service required due to a disability, for a City of Milwaukee event will be provided upon request. Contact the City of Milwaukee ADA Coordinator, 414-286-3475 or adacoordinator@milwaukee.gov as soon as possible but no later than 72 hours before the scheduled event.
